

BACHELOR PARTY INTEL BRIEF

Mission Overview:

Air Combat Zone replaces the "same old, same old" stag activities with a completely unique fighter pilot experience dog-fighting each other in fighter jet flight simulators. Make your stag unforgettable with the thrill of air combat action and a solid focus on everyone having a great time together.

All of your "pilots" will take a crash course in dog fighting with a CF-18 Hornet jet fighter. Training includes skills development on PC simulators and a pre-flight briefing. Once trained, they're off into the cockpits of our 4 Hornet flight simulators for practice and a live session of dog fighting. We offer 2 stag party packages and the option to extend the fun with an "Extended Tour of Duty" designed to rally your troops together with a Top Fun competition.

Optional Extended Tour of Duty (ETD) -

Add an additional 30 or 60 minutes to your event to keep the excitement alive with our Extended Tour of Duty (ETD) option. Once all your "pilots" are combat veterans after their first mission in the sim's, we start the ETD by having 4 of them climb back in the cockpit to start the battle. Once a pilot has been "downed" they climb out and pass their cockpit to the next pilot in line. The fight rages on under the watchful eyes of your party goes until it's time to "knock it off" bringing your unforgettable event to a close.
