# FUTURE ACES SUMMER CAMP

## THERE'S NO CAMP LIKE IT!

Future Aces summer camp gives your child the opportunity to experience the world of being a jet fighter pilot. The camp was developed to be exciting, challenging and above all fun! The height of each day's activities is the preparation for, flying and debriefing of a minimum of two 1-hour long missions flying in Hornet combat simulator cockpits.

Instructional briefings and debriefings are essential to develop your future ace's jet pilot skills and are part of every mission. Throughout the camp week, Air Combat Zone ensures that your child experiences many different mission profiles including; basic flight skills, landings and takeoffs, navigation, carrier operations, Air-to-Air dogfighting, Air-to-Ground attack missions and more! By the end of the week campers feel like they've graduated with real fighter pilots wings!

Camp day starts at Air Combat Zone with a check-in with our mission commanders (MC's) at the Flight Operations Desk (Flight Ops). From there, campers will utilize all of Air Combat Zone's facilities throughout the day. This includes the conference room where we'll do hobbies, and eat lunch and play aviation games. In the "Ready Room" campers can check out some jet fighter action video footage, browse our aviation library or get their competitive juices flowing with a Foosball game to get them "In The Zone".

This 5 day program includes the following:

- To start the week off, we take a trip to the Canadian War Plane Heritage Museum.
- Two complete Hornet flight simulator combat missions daily, including instruction, briefing and debriefing. Over 2 hours of sim time every day!
- Educational documentary videos relating to each day's theme.
- Hobby time including CF-18 Hornet scale model making, paper airplane contests, water rocket launches and more. (Some activities taking place at Centennial Park)
