GROUP & CORPORATE MEETING & EVENT MISSIONS

Top Gun Competition Mission Briefing

Mission Overview:

You're all on the same team but it's time to find out who the Top Gun really is! Best to pay attention on your first sortie in the simulator. You'll be doing some head-to-head air combat right off the bat and need to hone your skills quickly because the second time you're in the sim, you'll be fighting for the Top Gun Trophy! The competition is held ladder style and depending on time constraints, can feature both a Top Gun and runner up ladder. Lots of fun, action and ground time to socialize between hops make this mission a success.

Execution Details:

- Initial welcome and event mission briefing and creation of flight squads
- Hornet skills development session on PC simulators and pre-mission briefing for each flight squad.
- Initial familiarization flight in CF-18 simulator including head-to-head combat for each flight squad.
- Once all pilots have completed their familiarization flight, the Top Gun Competition begins. Pilots are briefed on the competition and the initial pilot order is set. All pilots compete in the initial qualifying round. The top eight pilots move to the semi-finals of which the top 4 enter the final Top Gun round to determine the overall Top Gun award. Once the competition is over, it's time to issue awards for success and participation.
